I have been playing roblox games for about two years now. I started out with one of the mini-games (Hotel Tycoon 2). This game was very simple; all you had to do was buy a hotel and look after your guests. As time went on, my friends and I found a new game we wanted to play together (Battlefield 3). It was similar to Call of Duty with better graphics. We liked the game so much that we wanted to transfer our characters from Hotel Tycoon 2 into Battlefield 3. One night, my friend and I were playing on roblox and entered into a "lobby". In a lobby, you can find friends who are online playing games or creating new ones. We had two other friends join in and we started talking about which game we wanted to play together. The next day we all decided on Robloxian Life.

Most YouTube videos will give you a link that will provide you with a free Robux reward. The amount depends on how many views the video has and the number of subscribers the user has. For example, if an account has over 1 million subscribers, they'll give an extra 2,000 robux for any views that would put them over 10,000,000 views; however this only applies before rewards are scaled down.

I really like Roblox because I get to make friends with other users on the Internet that are my age and play games with me. Another thing I like about it is that you can play different games and see which ones you like, so it's very fun to me. I also think that the game has helped me develop a

lot of social skills because you can talk to your friends using voice chat or text chat. You can tell them how you're feeling, what's wrong, etc. It's a game where there are a lot of different people from all around the world and they all have their own story. Another reason why I love the game is that you can really make new friends and you can play with them offline.
