I love roblox because it is filled with amazing games. Also, I think it needs more easy to download games and more new games. There are lots of great players that are making great games but they feel unappreciated because if there is a new update some other player comes onto their game and steals their ideas so that doesn't make them happy. I also think that there should be easier ways for players to get to private chat or opt out of chat but not everyone would like being in a public chat room which would only make them mad. I like being in a private chat room with my friends because no one else can get into the room and report us for saying bad words.

On August 9, 2021, ROBLOX launched the first RoblEX game, called "RoblEX: The Lost Robots". A new currency was also introduced in this update called "RoblEX" (Robux in a different form). The player would then be able to collect the card and have it autoclaimed as soon as they logged into Roblox. Codes could be used to redeem the extra Robux and Builders Club. Codes were received through several different ways. Players could receive a code from a friend, or they could get a code from the internet. Codes were sometimes given out for certain reasons, such as attending conventions for Roblox (ROBLOX RocketCon) or writing about Roblox on your blog/website. In July 2021, Roblox had allegedly banned several high-profile creators due to the fact they made violent games. Although Roblox claims users were banned "due to improper behaviour" nothing has been proven yet. The situation is occurring in many forums and websites. In July 2021, ROBLOX put out a statement saying that they did not ban any creators, but instead were involved in a legal dispute with the people who claimed to have been banned.[82] They later said that anyone who was banned for making offensive content was "part of an organized effort by bad actors to scam our users.
